PARENT/GUARDIAN PERMISSION TO APPLY SUNSCREEN /HAND-LOTION

State licensing requires a parent/guardian to provide written authorization for applying sunscreen/ hand lotion or another form of approved sun protection to their child’s exposed skin prior to outdoor play. The center staff may apply sunscreen/lotion or, if a child is over four (4) years of age, by the child him/herself under the direct supervision of a staff member. Special instructions for sunscreen application, or another form of sun protection, if necessary, must be given to the teacher in writing. Parents must provide their child's own bottle of sunscreen and lotion to be kept in the classroom.

PLEASE SIGN THE FOLLOWING STATEMENT:

Child's Name ________________________________________________________________________________

I agree to provide a labeled container of sunscreen / lotion for my child, named above, to be applied prior to outdoor play. I understand that children who have turned 4 years old may apply sunscreen to themselves under the direct supervision of a staff member.

1. In accordance with Colorado Department of Human Services child care licensing requirements, I and any adults I have designated will sign my child in and out each day with both the correct time and a complete signature including both first and last name.

2. I give my permission for my child to share in food tasting experiences.
   - Does your child have any food allergies/restrictions?
     YES □    NO □
   - If yes, what are they?
     ____________________________________________________________________________________

3. If I provide my child with a homemade lunch, it will contain only age-appropriate, nutritious foods that do not pose a choking hazard.

4. In compliance with Colorado Department of Human Services child care licensing requirements, I will not send any food or other items with my child to school in a plastic bag that is larger than a quart (sandwich bag).

5. I understand that food prepared at home may not be served to anyone other than my child. I also understand food prepared at home may not be offered for sale.

6. I understand that state licensing regulations limit television, recorded media, video, computer, tablet, and media device time for preschool age children and that those limits may only be exceeded for a special occasion.

7. I have been advised that Early Childhood Education classrooms in Denver Public Schools accept children that may not be fully immunized.
8. I have received, read and understand the Denver Public Schools Early Education Department Licensing Policies & Procedures.

9. I realize my active involvement in my child’s education is very important. Therefore, I agree to:
   - Support my child’s education
   - Attend parent/teacher meetings and conferences this year and
   - Send my child to school every day that he or she is not ill.

*I have read, understand, and agree to items 1 through 9 as indicated by my signature.*

Child’s Statement of Health Status for Enrollment

Children in ECE must submit a signed and dated statement of the child’s current health status upon admission which indicates the child’s ability and/or limitations to participate in a regularly scheduled program in a group of young children. Parents may use this form, or a statement of health status with the same information as provided by their child’s health provider. *This report is to be completed by a health care provider who has seen the child in the last twelve months.*

No later than 30 days after admission, this report or a written verification of a scheduled appointment with a health care provider must be given to the ECE teacher. The ECE program may refuse to admit a child if a statement from an approved health care professional is not submitted.

Licensing Policies and Procedures A-Z

A written statement of the center’s policies and procedures must be made available to parents and guardians and to staff and must include the following:

A. The center’s purpose and its philosophy on child care. Denver Public Schools Early Education Department Mission Statement: To create an integrated and comprehensive system of diverse, high quality early childhood education and care services that enhances the development of young children so they are “ready to succeed” when they enter school; to support families in their role as nurturers and first teachers; and to meet the needs and financial abilities of Denver’s working parents.

B. The ages of children accepted. 2 years, 10 months-6 years. Children must be three (3) or four (4) years of age on or before October 1 of the year of enrollment and, for Head Start classrooms, meet the income qualification guidelines.

C. The hours the center is open, specific hours during which special programs are offered, holidays when the center is closed. Half-day Early Childhood Education (ECE) classes are typically 2 hours/40 minutes per day and full-day ECE classes are typically 6 hours/30 minutes per day Monday through Friday except for predetermined days for Professional Learning. Specific hours of operation are determined by the individual school. Holidays and District Planning Days are determined by the district calendar.

D. The policy regarding inclement or excessively hot weather. If the school administrator determines the outdoor weather to be too extreme, either due to heat, cold or other conditions, for children to participate in outdoor activities, ECE children will not go outside.

E. Procedure concerning admission and registration of children. Children must be three (3) or four (4) years old on or before October 1 of the year of enrollment. A legal birth certificate or other acceptable record shall be required for enrollment age verification. Payment of tuition at various levels or tuition-free status is based on family income provided at the time of application. Residents of the city and county of Denver will have priority in filling available classroom slots. Families living outside the city and county of Denver may be accepted at non-Denver resident tuition levels if space is available. Additional income requirements must be met in Head Start classrooms. ECE children register according to DPS registration and Colorado state child care licensing requirements.

F. Itemized fee schedule. ECE student tuition is determined by a sliding fee scale based on family size and income. Each applicant is given a copy of the fee scale at the time of application.

G. Procedure for identifying where children are at all times. Children are signed in and out at the start and end of each class by the parent/guardian or other adult person for whom written authorization has been given by the parent/guardian. Only full signatures are acceptable on the sign-in/out forms, not initials. Teachers do regular roll-calls and head counts at daily transition times, such as returning from the playground, lining up for a trip to the library, etc. Children are not allowed to leave the classroom or group unaccompanied at any time. Teachers are expected to use reasonable accountability procedures at all times.

H. The center’s procedure on guidance, positive instruction, supporting positive behaviors, discipline and consequences, including how the center will:

1. Cultivate positive child, staff and family relationships. ECE staff work to develop a personal relationship with each student during daily classroom interactions and with the student’s family by positive and
responsible communication. Opportunities include phone and in-person conferencing, classroom volunteering, extracurricular activities, and, in some cases, home visits.

2. **Create and maintain a socially and emotionally respectful early learning and care environment.** Positive social and emotional behaviors are taught in the ECE classroom and students are given scaffolded support to understand, practice and develop these skills.

3. **Implement teaching strategies supporting positive behavior, pro-social peer interaction, and overall social and emotional competence in young children.** Individual district schools use various approaches to support social/emotional competence including CLASS, No Nonsense Nurturing, Dinosaur School, and Pyramid Plus.

4. **Provide individualized social and emotional intervention supports for children who need them, including methods for understanding child behavior; and developing, adopting and implementing a team-based positive behavior support plan with the intent to reduce challenging behavior and prevent suspensions and expulsions.** ECE programs follow their respective school’s code of conduct and Board of Education policy JK-R. DPS prioritizes guidance strategies that are rooted primarily in therapeutic interventions or restorative practices.

5. **Access an early childhood mental health consultant or other specialist as needed.** The DPS Division of Student Services provides school partners that can assist with helping to address significant behavior needs of ECE students. Head Start funded sites include direct consultation with Denver Health staff.

I. **The procedure, including notification of parents and guardians, for handling children’s illnesses, accidents and injuries.** Parents are informed in writing of all illnesses, accidents and injuries on the day of occurrence unless the incident warrants immediate attention in which case appropriate procedures are initiated and the parents are contacted.

J. **The procedures for responding to emergencies such as lost children, tornadoes, and fires.** Staff attempts to locate a missing child, informing appropriate authorities, including police, sheriff, etc., based on the location from which the child is missing. After 15 minutes, emergency procedures, as defined in G, I, and any other related procedures, apply. Fire drills are held at schools monthly; tornado drills are held monthly from March - October; shelter-in-place, lockdown, and active shooter drills are held three times per year/each school year to ensure students become familiar with the procedure.

K. **The procedure for transporting children, if applicable, including transportation arrangements and parental permission for excursions and related activities.** Parent/guardian permission for excursions is signed upon enrollment. Parents/guardians are notified prior to all field trips requiring transportation of children. District transportation procedures are used for field trips and in cases of scheduled transportation of children to and from school in compliance with Colorado Department of Transportation and state child care licensing regulations.

L. **The procedure governing field trips, television and video viewing and special activities, including staff responsibility for the supervision of children.** Parent/guardian permission for excursions, media and internet use is required annually in Denver Public Schools and is furnished at registration. TV, recorded media, and video use is NOT encouraged in Early Childhood Education classrooms. However, if such use is believed to be relevant by an ECE teacher, school policies, as determined by the principal and Collaborative School Committee, will apply and will be limited to 30 minutes per week. Computer and tablet use in the ECE classroom is designed to support and enhance children’s skills in alignment with curriculum goals but is limited to non-consecutive fifteen (15) minute increments, not to exceed 30 minutes per day.

M. **The policy on children’s safety related to riding in a vehicle, seating, supervision, and emergency procedures on the road.** Public school transportation guidelines in compliance with Colorado Department of
Transportation regulations are followed. No enrolled preschool child in Denver Public Schools may ride a district bus to and from school on a daily basis unless their parent/guardian applies for and is granted an exception by the DPS Department of Transportation.

N. The procedure for releasing children from the center only to persons for whom the center has written authorization. Parents/guardians are required to complete a Parent/Guardian Information and Permissions form when enrolling their ECE child that lists only those adults to whom their child may be released. Children may be released to other adults with written parent/guardian approval. At least one piece of identification must be inspected (and a copy kept in the child's file) for individuals who are strangers to ECE staff. Per state licensing requirements, parents, guardians or others authorized in writing by the parent or guardian are required to sign children in and out of the classroom daily.

O. The procedures followed when a child is picked up from the center after the center is closed or not picked up at all, and to ensure that all children are picked up before the staff leave for the day. If ECE children are not picked up on time and then escorted to the office, there should be a fully background checked person (Licensing Trails, CBI, FBI) caring for them in the office and that person should have ECT or AECT qualifications on file. If it is office staff that are caring for the children, then either DPS has to background check those office staff under the ECE license and keep qualifications for them on file, or children can be cared for in the classroom by a qualified ECE staff member until parents can be reached.

P. The procedure for caring for children who arrive late to the center and their class/group is away from the center on a field trip or excursion. All children will be taken care of upon arrival by school personnel. A plan is in place at each school that meets the needs of their community.

Q. The procedure for storing and administering children's medicines and delegation of medication administration in compliance with Section 12-38-132, C.R.S., of the “Nurse Practice Act.” In DPS, each school's procedure for storage and administration of medication as designated by the “Nurse Practice Act” is applicable to the Early Childhood classrooms. School staff trained and delegated to administer medications to ECE students will be specified in the school nurse's planning book. Only those ECE classrooms trained and delegated to administer emergency or routine medications will store required medications in the classroom.

R. The procedure concerning children's personal belongings and money. A limited space is provided for each child's personal belongings. Parents/guardians are advised that children do not bring money or valuables to school. Should a child bring money or valuables or when special event purchases occur, classroom staff collects the money or valuables at the beginning of the session for safekeeping. Valuable items and cash for non-specific uses are returned at the end of the day.

S. Meals and snacks. Meals and snacks are nutritious and either determined by program requirements, or can be site-based choices.

T. Diapering and toilet training. Children enrolling in Denver Public Schools ECE will be supported in becoming independent in their toileting routine. In case an accident occurs, the staff will treat the child with care and respect. Parents will be notified. A child's need for toilet training cannot be the basis for denying enrollment to an Early Childhood Education student. In classrooms where diapering is required, CDHS regulations from Personal Hygiene and Space Requirements will be followed in addition to CDPHE diapering regulations.

U. Visitors to the center. Per Denver Public Schools Policy KI, visitors must report to the school office when entering, receiving authorization before visiting elsewhere in the building. In the ECE classroom, visitors will
sign in with name, date, address, phone number and purpose of their visit. At least one piece of identification must be inspected for individuals who are unknown to ECE staff.

V. Parent and staff conferences to inform the parents or guardians of the child’s behavior, progress, and social and physical needs. Conferences are held twice a year or as needed.

W. The procedure for filing a complaint about childcare (see 7.701.5, General Rules for Child Care Facilities). Posted in each classroom:

To file a complaint about this state licensed program, contact:
The Colorado Dept. of Human Services Division of Child Care
1575 Sherman St.
Denver, Colorado 80203-1714
303-866-5958
OR by dialing 311, Denver City Information system.

X. Reporting of child abuse (see 7.701.5, General Rules for Child Care Facilities). Posted in each classroom:

To report suspicion of abuse or neglect, contact:
The Colorado Dept. of Human Services – Abuse Hotline
1200 Federal Blvd.
Denver, Colorado 80204
720-944-3000

Y. Notification when childcare service is withdrawn and when parents or guardians withdraw their children from the center. In order to withdraw a child from an ECE classroom, parents/guardians are required to inform the teacher and school office staff. Individual school procedures for withdrawal are implemented. In extreme cases, withdrawal of childcare services may occur after parents/guardians have been informed of steps necessary to maintain services and compliance has not been achieved within a specified time period.

If a child is absent: 3 consecutive days……teacher calls the home
5 consecutive days…….refer to social worker
10 consecutive days…….the child may need to be dropped from the program
and replaced with a child on the waiting list (based on Principal/CSC policy).

Z. How decisions are made and what steps are taken prior to the suspension, expulsion or request to parents or guardians to withdraw a child from care due to concerns about the child’s behavioral issues. These procedures must be consistent with the center’s policy on guidance, positive instruction, discipline and consequences, and include documentation of the steps taken to understand and respond to challenging behavior. ECE classrooms follow the respective school’s code of conduct, made available to parents/guardians, to the maximum extent possible in the preferred language of the parent/guardian, and Board of Education policy JK-R. The Office of Social Emotional Learning provides support to help answer questions related to the Board Policy. Division of Student Services provides school partners who can assist in helping to address significant behavior needs of ECE students. Prior to any out of school suspension, principals are required to consult the appropriate district Instructional Superintendent. Expulsion for ECE students is exceedingly rare and only done through a formal request by the school principal to the Office of Social Emotional Learning. See H., above, for additional details.
Reporting Abuse / Making a Complaint

Dear Parent,

Your child is enrolled in a child care program licensed by the Colorado Department of Human Services and by the Department of Excise and Licenses. These licenses indicate that at the time of inspection the provider has met standards needed to operate either a licensed Family Child Care Home, Child Care Center, or School-Age Child Care program. These standards include:

- Written policies and procedures
- Communications, emergency, and security procedures
- Personnel requirements for education, experience, training, and supervision
- Requirements including procedures for admissions: health care; personal hygiene; physical care; food and nutrition; discipline; overnight care; field trips and transportation; holiday schedules; and fee policies
- Activities
- Equipment and materials
- Facility requirements
- Fire and other safety requirements
- Maintaining children's records
- Administrative reports and records

In addition to the above standards, all licensed child care providers are required to report suspected physical, emotional, or sexual abuse of any of the children in their care. As a parent of a child/children in licensed child care, you may report any suspected abuse by calling:

Child Abuse Hotline at 1-844-264-5437 (1-844-CO-4-KIDS)

If you wish to make a complaint or have a concern regarding your provider you may call:

Colorado Division of Child Care
303-866-5958

Denver Public Health Inspection Division
720-865-5485

Your provider's State Child Care License and Denver Department of Business and Excise License should be posted and available for you to see at your request. You may also review inspection reports at the facility upon request.

We hope the services you and your child/children receive in this licensed child care facility will be both positive and productive.
Child Care/Preschool/Head Start Required Immunizations for the 2020-21 School Year

Dear parents and guardians of students in Colorado child cares, preschools and Head Start programs:

- Colorado law requires students who attend a licensed child care, preschool or Head Start program to be vaccinated against many of the diseases vaccines can prevent. Your student must be vaccinated against:
  
  - Diphtheria, tetanus & pertussis (DTaP, DTP)
  - Haemophilus influenzae type b (Hib)
  - Polio (IPV)
  - Pneumococcal (PCV)
  - Measles, mumps, rubella (MMR)
  - Varicella (chickenpox)
  - Hepatitis B (HepB)

Vaccines are recommended for rotavirus, hepatitis A and influenza, but are not required.

- The number, timing and spacing of the required vaccine doses is set by the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices (ACIP). You can view a parent-friendly version of the current ACIP vaccine schedule for children 0 - 6 years of age at www.cdc.gov/vaccines/parents/downloads/parent-ver-sch-0-6yrs.pdf.

- Please take your student's updated vaccine record to school every time he or she receives a vaccine.

- If your student cannot get vaccines because of medical reasons, you must submit an official Immunization Medical Exemption Form to your school, signed by a health care provider licensed to give vaccines. You can get the form at www.colorado.gov/vaccineexemption. If you choose not to have your student vaccinated according to the current ACIP schedule for personal belief or religious reasons, you must submit a non-medical exemption to your school. Non-medical exemptions must be submitted at ages 2 months, 4 months, 6 months, 12 months and 18 months. Multiple options are available at www.colorado.gov/vaccineexemption.

- Some parents, especially those with students who have weakened immune systems, may want to know which child cares, preschools and Head Start programs have the highest percentage of vaccinated children. Schools must report immunization and exemption numbers (but not student names or birth dates) to the state health department by December 1 every year. Immunization and exemption rates can be found at www.colorado.gov/pacific/cdphe/school-and-child-care-immunization-data.

- You may want to talk to a health care provider licensed to give vaccines or a local public health agency (LPHA) about which vaccines your student needs or if you have questions. You can read about the safety and importance of vaccines at www.ImmunizeForGood.com and www.colorado.gov/cdphe/immunization-education.

- If you need help finding a health care provider, or finding free or low-cost vaccines, contact your LPHA, or call the state health department's Family Health Line at 1-303-692-2229 or 1-800-688-7777. You can find your LPHA at www.colorado.gov/pacific/cdphe/find-your-local-public-health-agency.

- Please share Page 2 of this letter with your student's health care provider as it provides helpful information about vaccines required for school entry per Colorado law.

Sincerely,
Colorado Immunization Branch | Colorado Department of Public Health & Environment
