Science Lab

Kindergartens learned how to make lava lamps and we all had a blast ! If you want to make them at home, here is the recipe

- 1.Fill the jar half-way with vegetable oil.
- 2.Add water until the jar is about three-quarters full.
- 3.Add 5-10 drops of food coloring.
- 4.Break an antacid tablet into several pieces and drop the pieces into the jar one at a time.
- 5.Watch the lava lamp activate!

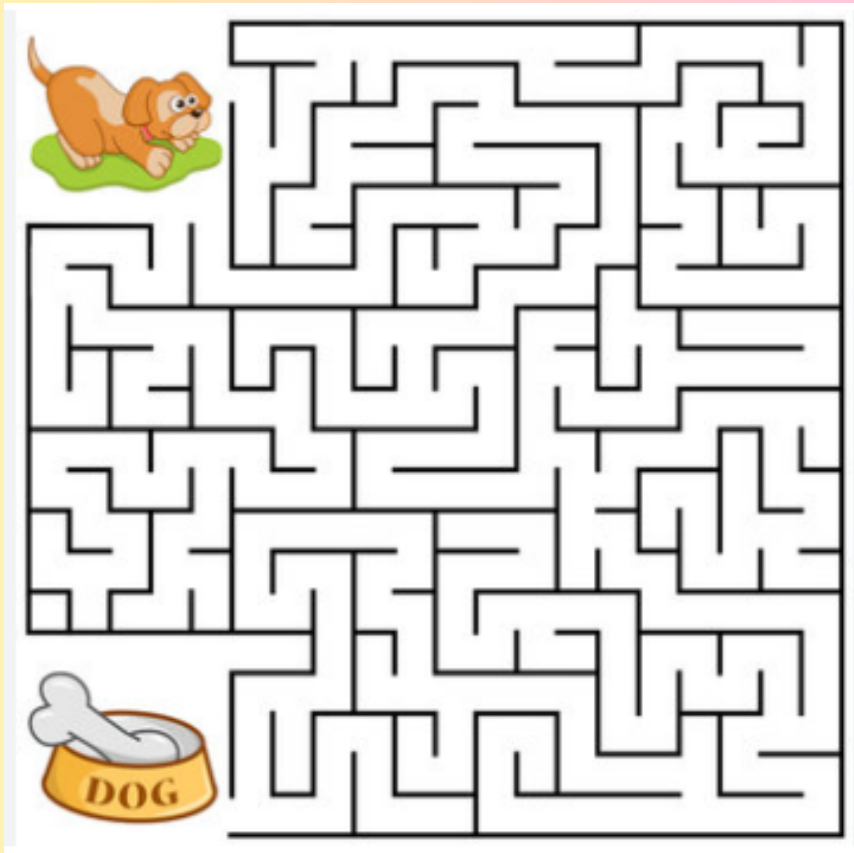

DENVER PUBLIC LIBRARY MOBILE

The Denver Public Library Mobile stopped by SKCEE during Discovery Link hours. Butterflies got the chance to walk in and choose a book to take home.

What a fun time !

HELP THE DOGGIE FIND ITS BONE!
